You bear sole responsibility for your own investment research and decisions, and should seek the advice of a professional, licensed, and qualified securities professional before purchasing or selling any security or making any investment.
- The forum and chatrooms on the Site are comprised of customers and members (including, without limitation, moderators, administrators, and Aristotle\_Investments who are in the employ of Honey Drip Network) posting content and information. All such information and content are for informational purposes only and does not constitute advice or a recommendation by Honey Drip Network to enter any securities transactions or engage in any of the financial strategies reflected on or suggested in forum and chatrooms (whether such data, content or information is posted by Honey Drip Network or otherwise). We are publishers and educators only.

- Your actual results may differ from results reported by moderators, administrators, and Aristotle\_Investments for many reasons, including, without limitation: performance results do not reflect actual trading commissions that You may incur; performance results do not account for the impact, if any, of certain market factors, such as lack of liquidity, that may affect Your results; the investments chosen may be volatile, and server, delivery delays and other factors may cause the price you obtain to differ substantially from the price at the time of the alert; the prices of investments at the point in time You begin subscribing may be higher than such prices at the time such investments were chosen; You may not have the capital to trade as frequently as the administrators; and the size and timing of your purchase or sale of a stock may affect the price of the stock, among other reasons.
- You understand, acknowledge and agree that, for informational and teaching purposes only, trades may be called out, posted, or alerted, but not executed. You understand, acknowledge, and agree that moderators, administrators, and Aristotle\_Investments may sometimes purchase or sell securities sooner or later than called out, posted, or alerted. Administrators, Moderators, and Aristotle\_Investments are also not required to disclose all trades, and their positions may be inconsistent with trades. Also, because some trades may not actually have been executed, results may have under-or-over-compensated for the impact, if any, of certain market factors, such as liquidity. You understand, acknowledge, and agree that the Site contains simulated or hypothetical trading programs.
- Through your use of the site, You expressly contract and consent to the operations of Honey Drip Network (including the moderators, administrators, and Aristotle\_Investments' actions and omissions discussed above) and release Honey Drip Network, and its directors, officers, shareholders, employees, agents and affiliates from any liability, claim, loss, cost, expense, and any other damages arising from or relating to moderators, administrators, and Aristotle\_Investments' statements (written or oral), actions and omissions, including real, simulated, or hypothetical trades and results. ## **Investments and Results**

- The purchase and sale of securities, futures, or commodities involve a high degree of risk and is speculative in nature. The purchase and sale of securities should only be conducted by persons who understand and accept the risks involved therewith and who have independently reviewed and determined their acceptance and suitability of these risks and the financial and tax consequences thereof. Only persons who can bear the risk of substantial or complete loss of funds should engage in the purchase and sale of securities, futures or commodities.
- Honey Drip Network, and the content and information contained on the Site, and in other products and services of Honey Drip Network, do not indicate or guarantee any predictable, general, specific, or other results. The purchase and sale of securities, and any other investment activity, involves a high degree of risk, and several factors could materially and adversely affect the results and lead to a substantial or complete loss of an investment.
- As more fully set forth herein, Honey Drip Network, and its directors, officers, shareholders, employees, agents, and affiliates, make no representation, warranty, or guaranty as to the validity, adequacy, timeliness, accuracy, reliability or completeness of any data, content, or information. You should independently analyze, review, and confirm any such data, content, or information.
- Past performances are not indicative of future results or performance, or any representation, warranty, or guarantee that any result will be obtained by you.
- COMMODITY FUTURES TRADING COMMISSION RULE 4.41: Hypothetical performance results have many inherent limitations, some of which are described below. No representation is being made that any account will or is likely to achieve profits or losses like those shown, in fact, there are frequently

sharp differences between hypothetical performance results and the actual results subsequently achieved by any trading program. One of the limitations of hypothetical performance results is that they are generally prepared with the benefit of hindsight, in addition, hypothetical trading does not involve financial risk, and no hypothetical trading record can completely account for the impact of financial risk in actual trading. For example, the ability to withstand losses or adhere to a particular trading program despite trading losses are material points which can also adversely affect actual trading results. There are numerous other factors related to the markets in general or to the implementation of any specific trading program which cannot be fully accounted for in the preparation of hypothetical performance results and all of which can adversely affect actual trading results.
